

Ideation Phase

Empathize & Discover

Date	30 September 2026
Team ID	Individual
Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	4 Marks

Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

It is a useful tool to help teams better understand their users.

Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.

Example: Food Ordering & Delivery Application

Completed Empathy Map

Project: Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Student: Dharshini M

Team: Individual

Date: 30 September 2026

SAYS

"I need a standard laptop." "I want the request to move quickly."

THINKS

"The request should be easy to submit." "The fulfillment team should receive the task automatically."

DOES

Selects Standard Laptop, submits request and checks status.

FEELS

Wants predictable processing and fewer delays.
